The Top-10 lists represent the 10 best performers in American history in each event. Therefore, while a single person may hold 10 (or more) best performances in any given event, that person is only listed once, with his personal-best mark.

The Top-10 performances in the relays represent the best all-time, regardless of the individuals running the times.

All times have been changed to reflect electronic timing. 0.24 has been added to hand times in races 500-meters or shorter, and 0.14 has been added to hand times in races 800-meters and longer.
