MAGIC AND THE BRAIN

THURSDAY, OCTOBER 9, 7:00-8:00 PM
ABRAMSON FAMILY RECITAL HALL

Neuroscientists Stephen Macknik and Susana Martinez-Conde, founders of the new discipline of neuromagic and authors of *Sleights of Mind*, explore how magic tricks work and how our brains are led to believe the impossible.

Post-lecture dessert reception and demonstrations take place from 8:00-9:30 PM.
