Forthcoming/Recent Publications

- Nonparametric and semiparametric regressions subject to monotonicity constraints: Estimation and forecasting, *Journal of Econometrics*, 182, 196-210, 2014 (with Lee and Tu)
- Testing Additive Separability of Error Term in Nonparametric Structural Models, forthcoming in *Econometric Reviews* (with Su and Tu)
- Moment Approximation for Unit Root Models with Nonnormal Errors, forthcoming in *Advances in Econometrics* (with Bao and Zhang)
