c. If this is a change to a major, does the change affect the plans for assessing learning outcomes? If so, please make a note to include in your next assessment cycle report.

No

- d. Please attach a description of the proposed program as it is to appear in the University Catalog, following the format of the current catalog
- i. For changes to a major, minor or certificate that include the creation of any new courses, please submit new course proposals separately and list below along with a brief description. Note that a New Course Proposal is required for each new course.

COMM-632 Backpack Video Journalism (4) Instruction in shooting, editing, and producing of video stories; merging of script, video, and graphics into the final product. Working alone or in small teams, students learn to use digital cameras, microphones, lights, tripods, field shooting techniques, and nonlinear editing. Capstone project is a video resume reel. Usually offered every spring. *Prerequisite:* admission to the graduate journalism program.
