

Student Health Center 2012-2013 Fee Schedule

Fees as of August 21, 2012 and subject to change.

As a result of the Affordable Care Act, certain services at the student health center are now free of charge to students enrolled in the AU Student Health Insurance Plan. These include preventative care visits (including gynecological annual exams), immunizations, and birth control. Students on the AU plan who wish to utilize their insurance benefits to purchase birth control will need to utilize mail order to obtain their prescriptions. The student health center can help you with this process.

Students who are not covered by the AU plan may also receive these services free of charge from their insurance carrier. However, because we do not bill insurance, you will have to pay for the services at the student health center and seek reimbursement directly from your insurance carrier. The student health center can provide you with a receipt that you can submit to your insurance company.

VISIT FEES (PER VISIT)	AU INSURANCE	NON AU INSURANCE
Routine Visit	20	20
Physical Exam	0	30
Annual Women's Exam	0	30
Initial Visit with Psychiatrist	75	75
Follow Up visit with Psychiatrist	35	35
HIV Test - Ora Quick	0	20

The student health center will continue to carry limited birth control for students who do not wish to purchase birth control with their insurance benefits. Students who wish to purchase birth control with their insurance benefits can obtain a prescription from the student health center.
