

## **Remember...**

### ***Be Safe in the City***

As reported by Public Safety, an armed robbery occurred recently in the Nebraska Parking Lot. The Metropolitan Police Department has reported that, in general, street robberies have increased across the city. As always, it is important for AU community members to be vigilant about their safety and follow these tips:

1. **Be alert and aware of your surroundings at all times, especially during late and early morning hours.**
2. **Know who else is on the street in your immediate vicinity and what is going on.**
3. **Avoid walking alone, especially late at night or in the early morning hours.**
4. **Avoid being distracted by talking on your cell phone or wearing headphones.**
5. **Everyone should program important phone numbers into his or her cell phone, including the Public Safety emergency line (202-885-3636), and be aware of emergency phones on campus.**

#### **Questions or Concerns?**

**Call Public Safety at 202-885-2527**
