## PREFACE

The Office of Institutional Research is pleased to present the 2011-2012 edition of the *Academic Data Reference Book* (ADRB). The current addition joins 41 previous issues to form a continuum of information about academic aspects of American University. The goal of this publication is to provide the community with reliable and useful information about student enrollment, admission, retention and graduation rates, degrees conferred, course enrollment, and faculty. These goals have been met every year since, evolving along the way. It also serves as a companion to Eagledata, AU's on-line source for data warehouse reports.

The web version of the ADRB, which includes consecutive historical editions beginning in 2003 and some editions dating back to 1971, can be accessed from the OIRA website. Please check this site occasionally for any updates or revisions to this report.

## DEFINITIONS

Abroad at AU	Program for students from other countries who want to study at AU for a limited period of time, usually a year or a semester. Students can receive a certificate but this is generally not a degree-seeking program.
AU Abroad	Program for students studying abroad in an AU sponsored program, (formerly the World Capitals Program).
Census Date	The day on which AU takes a snapshot of student data to ensure consistent reporting for each semester. The fall and spring census dates are at the end of the fifth week of classes for those semesters. The summer census date is the same as the fall census date. All enrollment reporting is as of the census date.
Eagledata	Web-accessible source for university statistics and reports.
Full-time	Undergraduate degree seeking, nondegree and certificate students and law students taking 12 or more credit hours, and graduate degree-seeking, nondegree and certificate students taking 9 or more credit hours.
Full-time Equivalent	The number of full-time students, plus the total student credit hours of part-time students divided by the minimum number of credits to be considered a full-time student at the same academic level. (Note: This calculation changed in 2009 so note should be taken when doing historical comparisons.)
Full-time Term	Full-time faculty who are not tenured or on tenure track.
Law	Includes all students in the Washington College of Law, including JD, LL.M., SJD, nondegree, and certificate.
Maintaining Matriculation	The enrollment status of graduate students not registered for courses, or thesis / dissertation credits, whose degree requirements have not yet been completed, in order to continue enrollment.
Nondegree	Students enrolled in regular university courses who have not been admitted to a degree program. Unless otherwise noted, excludes law.
Part-time	Undergraduate degree seeking, nondegree and certificate students and law students taking fewer than 12 credit hours, and graduate degree-seeking, nondegree, and certificate students taking fewer than 9 credit hours.

Student Credit Hours	The sum of the credit hours per student course registration.
Visiting	Students from other institutions studying through AU. Includes Non-AU AU Abroad, Abroad at AU, and Washington Semester, but excludes Washington Mentorship.
Washington Mentorship	15-credit fall semester program designed specifically for students admitted as spring freshmen.
Washington Semester	A one-semester intercollegiate program for non-AU students.

\*Student credit hours and FTE have been rounded to the nearest whole number and it may affect some totals. Credit hours are those taken by students, not those taught by units. The FTE is the total student credit hours of part-time students divided by the minimum number of credits considered full-time at the same academic level, plus the full-time total enrollment.

\*\*Visiting includes Other (Non-AU AU Abroad, Abroad at AU) and Washington Semester, but excludes Washington Mentorship, which is included in Nondegree UG.

AU students studying abroad are included in their appropriate school.

Table excludes 1 associate's degree student (3 credits), 92 noncredit students (9 in SIS and 83 in SPA), 47 consortium students (150 credits) and 131 alumni students.

Enrollment as of Census Date October 1, 2011.

The FTE is the total student credit hours of part-time students divided by the minimum number of credits considered full-time at the same academic level, plus the full-time total enrollment.

\*\*Visiting includes Other (Non-AU AU Abroad, Abroad at AU) and Washington Semester.

AU students studying abroad are included in their appropriate school.

Table excludes 162 noncredit students (28 in SIS, 9 from SOC and 125 from SPA), 57 consortium students (184 credits) and 148 alumni students.

\* Students in combined programs and Interdisciplinary Studies are listed in the school / department with which they are affiliated.

\*\*Duplicated count is the sum of all students majoring in a particular program. A student with two majors will be listed twice. Totals here will not match enrollment totals in Table 1 or Table 6A.

\*\*\*School/College counts depict the total number of students who have a major within each school. In cases where both a student's primary and secondary major fall within the same school the total reflects that student only once. Therefore, columns will not add to the numbers shown.

Excludes Washington Semester, nondegree, certificate and non-AU AU Abroad students.

Enrollment as of Census Date October 1, 2011.

This table shows degrees awarded by major/program. Dual degrees awarded are included in this table under each appropriate program; undergraduate double majors that did not result in the awarding of two different degrees are counted only once under the primary major. \* Includes only courses with a subject designation of Honors, General Education, Interdisciplinary or University College prior to Summer 2011. Beginning in Summer 2011, courses are assigned to departments with which the instructors are affiliated.

\*\*Environmental Sciences became a separate department in Fall 2009.

\*\*\* The department of Computer Science, Audio Technology and Physics split in Spring 2009. As a result the departments of Computer Science and Physics were created. Audio Production and Audio Technology majors are now reported within the Department of Performing Arts.

‡ Off-Campus courses are those with a course section suffix of "U" in the course database.

Table includes all credit hours taught in a department (e.g. scheduled courses, practice teaching, laboratory-only courses, independent study, individual music lessons, dissertation seminars, etc.)

\*Teaching faculty as defined by the American Association of University Professors (AAUP): "all members of the instructional/research staff who are employed full-time and whose major (at least 50%) regular assignment is instruction (including released time for research)." Excluded are administrators with faculty rank, faculty on leave without pay, faculty on disability where salary is reduced, faculty whose teaching begins in spring, research faculty, library faculty, and faculty not paid by the university. Lecturers and In-Residence faculty are not included in AAUP salary ratings. Historical AAUP rating scale from highest to lowest is: 1\*, 1, 2, 3, 4, 5. In spring 2009, AAUP moved to a percentile rating scale. AU continues to convert the percentiles back to AAUP's original ratings scale for Table 40. The AAUP Salary ratings for 2011-2012 are expected to be released by April, 2012. See AAUP web site for details - <http://www.aaup.org>.

\*Teaching faculty as defined by the American Association of University Professors (AAUP): "all members of the instructional/research staff who are employed full-time and whose major (at least 50%) regular assignment is instruction (including released time for research)." Excluded are administrators with faculty rank, faculty on leave without pay, faculty on disability where salary is reduced, faculty whose teaching begins in spring, research faculty, library faculty, and faculty not paid by the university.

\*\*The department of Environmental Science became a separate department from the department of Biology in Fall 2009.

\*\*\* The department of Computer Science, Audio Technology and Physics split in Spring 2009. As a result, the departments of Computer Science and Physics were created and the Audio Production and Audio Technology majors are now reported within the Department of Performing Arts.

† School of Education, Teaching & Health merged in Spring 2006.
