

Substantial Research Papers

Climate, Energy

Brosius, Ashley (2011), *Judeo-Christianity and Climate Change in the United States: An Analysis of Interactions*

Waters, Meredith (2011), *Integrating Climate Adaptation Tools into Humanitarian Organizations' Disaster Risk Reduction Strategies*

Hoover, Jessica (2013), [*Skiing in the time of Climate Change: How US Ski Areas Can Become Environmental Educators and Climate Activists*](#)

Baker, Leah (2007), *Congress & Sustainability Pivot Points: A Case for Incorporating Tougher Metrics into the Unfolding U.S. Climate Regime*

Arakelian, Lynda (2003), *Clean Development Mechanism Baselines, Costa Rica*

Kennedy, Julia (2011), *Participation and Success: Lessons from Woodfuels Policy in Chad*

Rotondo, Julia (2011), *The Answers are Blowin' in the Wind: Can a National Feed-in Tariff for Wind Power in the United States Achieve the Same Results Seen in Germany and Spain?*

Gonzalez, Arvil (2011), *Appropriate Technology, Energy, Development, and Distribution*

Edmonson Alisha (2011), *Demand Side Carbon Financing: the Case for Cites as Unified Sectoral Crediting*

Hodum, Ryan (2007), *Advancing Action to Avoid Additional Anthropogenic Activity in Asia's Atmosphere: The Potential Promise and Peril of Chinese Capitalists Combating Climate Change*

Keller, Stephanie (2008), *The Post-2012 Climate Change Agreement: A Role for the European Union*

King, Ashley (2006), *Modeling Vehicle Miles Traveled: Implications for Local Climate Change Policy in Portland, Oregon*

Lubetsky, Jonathan (2003), *Adaptation and Climate Change*

Global Environmental Politics

Wapnick, Samantha (2011), *REDD+ in Indonesia: Consequences of Carbon Funding for Sustainable Development*

Martin Allison (2011), [*American Indian Knowledge: Why Indigenous Participation is Essential for Effective U.S. Climate Policy*](#)

Matter, Julie (2008), *Renewable Energy: Mitigating Climate Change*

McMahon, Sean (2007), *Reframing Climate Change: Morality, Human Health, and National Security*

Meyer, Richard (2007), *The Interplay of Corporate Governance and Climate Change: The Cases of BP and ExxonMobil*

Piloyan, Diana (2007), *How the Market of Tradable Emissions Permits Can Help Solve Global Climate Change*

Rinnerberger, Nina (2006), *Drowning Islands: Social Justice Through Litigation?*

Sher, Lauren (2010), *From Nil to \$100 Billion: The United States' Commitment for Climate Financing Contributions in the Post-Kyoto World*

Spak, Brain (2010), *The Success of the Copenhagen Accord and The Failure of the Copenhagen Conference*

Vizzier, Kirk (2007), *The Creation of a Global ETS: Expanding the market for international emissions trading through system linkages*

De la Batista, José Luis (2009), *Development in the Amazon Basin Countries: Alternatives to Extraction of Non-Renewable Natural Resources*

McIlmoil, Rory (2007), [*One Step Back Toward "Almost Heaven": A Production-Based Proposal for the Elimination of Mountaintop Removal Coal Mining in West Virginia*](#)

Schneider, Lynn (2010), [*A Sweeter Alternative for Whom? Sugarcane Ethanol Production and Rural Livelihoods in Northeast Brazil*](#)

Houshower, Nicholas (2009), *Fluid Dynamics: The Politics of Oil and Water in China and Kazakhstan*

Chutz, Noah (2010), *What Will It Take To Make REDD Work? Identifying the Weaknesses, Exploring the Role of Sustainable Forest Management and Supporting the Post-Development Potential*

Johns, Bryan (2012), *PES and REDD+: The Case of Costa Rica*

Global Environmental Politics

Kipalu, Patrick (2010), *Reducing Emissions form Deforestation and Forest Degradation in the Democratic Republic of the Congo: Perspectives of the Indigenous Peoples*

McFarland, Brian (2010), [Origins, Development and Potential of the International REDD Market](#)

Zamgochian, Ani (2010), *Supporting the Conservation of Indigenous Territories in the Brazilian Amazon: Analysis of the Suruí Community's Road to REDD*

Jiang, Lian (2006), *The Promise of Solar Energy: Exploring Policy Innovation in Technology Dissemination in China*

Kaiser, Paul (2005), *Wind Power and California's Energy Future*

Lee, Jacqueline (2005), *Comparative Wind Energy Policy in Denmark and California*

Linnett, Tobias (2005), *A Case for Renewable Energy in the United States*

Madeira, Lindsay (2006), *From the Poorest to the Globe: Harvesting the Sun for a Just, Green, and Sustainable Future*

Morey, Jessie (2006), *Clean Power in Costa Rica: Strategies for a Fossil Fuel Free Power Sector in 2020*

Sutch Aaron (2011), [Solar Distributed Generation: An Alternative to Large Scale Hydropower in Costa Rica](#)

Assar Daryush (2011), *Residential Compost Collection Program: Reducing DC's environmental footprint*

Paul, Alana (2007), *Rebuilding A Sustainable New Orleans: Coastal Restoration, Urban Planning and Ecocity Design Solutions to Global Climate Change*
