The mission of the Women & Politics Institute is to close the gender gap in political leadership. We provide young women with academic and practical training that encourages them to become involved in the political process and facilitate research that enhances our understanding of the challenges women face in the political arena.

WeLead, a bipartisan leadership training program run by the Women & Politics Institute, works to increase the number of women working in politics and running for office. Our program graduates are employed in the White House administration, congressional offices, campaign consulting firms, lobbying firms, and non-profit organizations. WeLead empowers young women, ignites their passions and prepares them to succeed in politics and public service.
