Courses in bold indicate a gateway concentration course.

*Economics of Violence and Peace can only count toward the Concentration requirement if it has not already been counted towards the Economics requirement.

Students have the option to complete a Self-Designed Concentration. Please discuss this option with the IPCR Academic Advisor.

These concentrations course lists are not meant to serve as an exhaustive list of all the possible courses that can count towards the Concentration requirement. Additional courses, including those offered outside of SIS, may be taken with approval from the IPCR Program Director. In addition, not all of the courses listed are taught every year. Please consult the current “Schedule of Classes” for availability.
