*Incoming Freshmen may satisfy the first College writing requirement by scoring a 4 or 5 on the Advanced Placement English Language and Composition Test or the AP Capstone. All students must also earn a grade of C or better in WRTG-106 to satisfy the second writing requirement.

¹Students who provide evidence of a substantial lab component to their AP Environmental Science course may request to have their articulation changed from ENVS-250 to ENVS-160. Students have until the end of their first year at AU to submit a transfer petition through their academic advisor to have the syllabus reviewed.

Advanced Standing Exams may not be used to satisfy AU Core requirements.
