Virtual Blood Drive

- Hosted by the AU chapter of HOSA, an organization for Future Health Professionals.
- Pledge to donate blood and then donate a Red Cross closest to you.
- To pledge, click here: https://sleevesup.redcrossblood.org/campaign/mask-on-sleeves-up/
Cybersecurity Talent Initiative™

- Developed by the Partnership for Public Service
- Cybersecurity Talent Initiative™ is a first-of-its-kind public-private partnership aimed at recruiting and training a world-class cybersecurity workforce.
- Recent college graduates will each serve a two-year placement at one of six federal agencies before being invited to apply for positions with one of the initiative’s corporate partners, including Mastercard, Microsoft and Workday. Once hired, each will receive up to $75,000 in student loan assistance.
- If you are a student graduating with an undergraduate or advanced degree in cybersecurity or a cybersecurity-related field such as computer science, information technology or engineering between September 2020 and June 2021, check out the link below!
Coming soon: McCabe Lecture

- October 28
- 2-3 PM
- **Speaker**: Dr. Nicki Washington [https://nickiwashington.com](https://nickiwashington.com)
- Dr. Washington’s subject matter is focused on building and maintaining a community of allyship and advocacy, with a particular focus on the computer+tech fields. Her lecture will touch on how the developed technologies impact people with specific identities in negative and harmful ways.
- **More information coming soon!**
