Facilities Planning Working Group Summary**

March 27, 2019

Key Discussion Points:

- Foundational Agreements
- Zoning Commission Requirement and Campus Plan Assessment
- Guiding Principles

Summary: The first meeting of the Facilities Planning Working Group focused members familiarizing themselves with the Terms of Reference, the consensus-based process, and the organization of the Neighborhood Partnership. The Zoning Commission process will figure heavily into work the Facilities Planning and members looked back at the 2011 Campus Plan to see what was and was not developed. The group discussed what type of expectations they should have for guiding principles going forward. Closing out, the group looked at the logistics of information sharing and how best to schedule future meeting times.
