

## **American University Neighborhood Partnership Student Life and Safety Working Group Summary**

June 25, 2019

### Key Discussion Points:

- Off Campus Student Behavior Discussion
- Suggestion for System Improvements
- Confirming Members to the Working Group

Summary: The off campus student behavior discussion featured written and oral statements from members of Alban Towers, Greenbriar Apartments and the Wesley Heights neighborhood. The accounts detailed interactions with AU students living off campus and there was a question and answer session which focused on how the AU Police Department can work with the DC Metro Police Department (MPD) to better enforce AU's Student Code of Conduct.

Suggestions for system improvements focused on the need for consistent communication between AU and AUPD, the DC MPD and the landlords who lease to AU students, so that any corrective action can be taken and followed through on. There was also a discussion about better ways AU can set expectations for students living off-campus, and the impact of marijuana legalization in DC and how to deal with underage use. The meeting closed by looking at how the co-chairs can best reach out to the management of off-campus student housing over the summer.
