COVID-19

and

2021 Campus Plan Update
COVID-19 Update

- AU acted swiftly and began bringing study abroad students home as early as January. In March, AU moved classes online, moved students off campus, and staff and faculty transitioned to telework.

- In June, AU initially announced plans to implement a hybrid learning model of **online and limited in person classes** with freshman and some sophomores living on campus.

- Due to evolving health conditions and local government requirements, on July 30th AU announced that we will be **moving all classes online for the fall 2020 semester**.

- Students will not be housed on campus except for a limited few who require emergency housing.
COVID-19 Update

- AU is requiring all students, faculty and staff in the area to take a COVID-19 Health & Safety training.
- Students living in the 20008 and 20016 zip codes will also be required to participate in an Off Campus Living Orientation pilot program.
- Students are encouraged to self monitor daily and are required to report to AU if they have the virus.
- Students returning from identified “hot spot” states will be instructed to self quarantine as directed by DOH.
COVID-19 and the Campus Plan

- Even before COVID-19 unexpectedly precipitated the rapid transition to university-wide online learning, AU identified the development of leading-edge online programming as a core component of the university’s future vision.

- At the same time, AU fully anticipates continued and ongoing demand for its on-campus, face-to-face academic programs and research opportunities that will support and depend upon the types of high-quality facilities outlined in the 2021 Campus Plan.

- The Campus Plan has a 10-year term – so while AU is navigating the immediate uncertainty, we are planning for the long term.
Enrollment
Enrollment: Impact of 2016 Zoning Regulations

**AMERICAN UNIVERSITY: FALL 2019 STUDENT POPULATION**

2011 Campus Plan Methodology:
- **11,801** Students Included In Campus Plan Count
- **780** Not Included In Campus Plan Count
  - 681 Massachusetts
  - 4200 Wisconsin
  - 3251 New Mexico

Total = **12,581** Students

2021 Campus Plan Methodology (per 2016 Zoning Regulations):
- **12,581** All Students Included In Campus Plan Count
- **0** Students Not Included In Campus Plan Count
  - Main Campus
  - Tenley Campus
  - 4801 Massachusetts
  - 4200 Wisconsin
  - 3201 New Mexico
  - 87 Non-Matriculated On-Campus Students
Enrollment: Proposed Cap

Enrollment Update

• AU originally proposed a cap that reflected an 6.61% increase based on the new 2016 Zoning Commission methodology which would have resulted in an adjusted cap of 14,449 students. AU remained focused on managing the impacts of additional enrollment by increasing our on campus housing capacity, maintaining our 67% UG housing availability, expanding and modifying our student orientation programs and off campus policies, and creating a campus that students want to be a part of.

• The community members of the Partnership believe that our cap should only be increased by the 780 students that were added to our fall 2019 enrollment numbers because of the new methodology. After many discussions with neighbors and AU staff, we are proposing an enrollment cap that reflects what has been favored by the neighbors.

• The new proposed enrollment cap is 14,380 students (including 2,000 student cap at WCL) which is lower than the 2011 cap when taking into consideration the new methodology.
Potential Development Sites and Campus Character
A primary goal is to build an additional 500 beds on campus. (Assuming master leased beds still count toward 67% requirement.)

Site 2 and Site 4 have been prioritized for student housing.

Beeghly and Site 6 have been identified as potential housing sites.

Sites 1 and Site 11 have been removed as development sites.

Based on neighbor suggestions, AU reoriented the Site 7 academic building to provide a courtyard and greenspace along the street front and reduced a floor on the Nebraska Avenue frontage.

The Site 6 residential building was also significantly modified, reducing building height, square footage, and bed count.

Site 12 – AU reduced a floor on the rear of the building facing Westover and moved student life programming to the front of the building.

There are no immediate large development plans for south campus or next to the Katzen Arts Center.
NOTE 1:
Below grade parking on Sites 6/7 and Site 12 may not be necessary to comply with the Campus Plan parking requirement; to be determined as part of the further processing for each site.

NOTE 2:
Existing programs on Sites 2, 3, 5, 6 and 7 will be relocated to other existing or new AU space at such time as the sites are redeveloped.

NOTE 3:
Massing diagrams for each potential development site are conceptual and preliminary and do not reflect final building footprints.

American University
Washington, DC

June 2020 Draft
On Campus Student Life
On-Campus Student Life Improvements

- Reinvigorated **Mary Graydon Center**
- Focus on **student health and wellness programs**
- **Residential/student life/athletics village:** Potential Sites 2, 4 and 3 (CAP) transforming “back” of campus

- Expanded dining options throughout campus
- Pedestrianize campus core and enhance green and open spaces
Athletics and Recreation Facilities

- Increasing demand for additional space and facilities to support competitive intercollegiate athletics, recreational sports and fitness programs
- The Campus Plan will propose:
  - New Center for Athletic Performance (the “CAP”)
  - Re-turfed fields at Reeves Field and park at 45th and Massachusetts Avenue, NW
  - Replacement video scoreboard at Reeves Field
  - Acoustical sound barrier wall and filming tower at Jacobs Field
Off Campus Student Life
Updates to Good Neighbor Guidelines

- AU students are required to abide by AU Student Conduct Code, and all relevant university policies, including proposed updates to the **Good Neighbor Guidelines**
  - Purpose of the Good Neighbor Guidelines is to **educate AU students on how to become active and responsible members of the surrounding community** in which they live while maintaining their involvement and connection to the university.
  - The Guidelines **inform students of their responsibility to be aware of and abide by applicable DC laws and regulations regarding noise, disorderly conduct, alcohol and marijuana consumption, winter sidewalk safety, and weed control** around their residences.
  - Violations of the Guidelines may be **subject to disciplinary action under the Student Conduct Code**
Enhanced Student Orientation Programs

- AU has proposed improvements to its off-campus living orientation program **to better inform and educate students who choose to live off-campus of their rights and responsibilities**
  - **Online training module** to be developed in consultation with the Student Life & Safety Working Group that students in 20016 and 20008 must complete and affirmatively acknowledge that they have fulfilled the training and understand AU’s expectations
  - Will incorporate the **“Pledge to Uphold Community Standards”** developed in consultation with the Student Life and Safety Working Group which details the responsibilities and obligations associated with living off-campus
- Will expand AU’s **in-person off-campus housing orientation program**
- Regular communication to students from the Dean of Students’ Office
  - To remind students of AU’s expectation **that students maintain the condition of their property and manage the behavior of their guests**
  - States that AU expects **students to know, understand and abide by the Disorderly Conduct Amendment Act of 2010 and the District of Columbia Noise Control Act of 1977**, both of which address noise disturbances, and which will be detailed during the orientation programs
Expanded Community Outreach

- AU will continue its practice of making annual or more frequent visits to the major apartment complexes/condominium communities where students live.

- The Office of Community Relations will create, in consultation with the Student Life and Safety Working Group, a neighbor education tool that informs residents of AU’s strategies for student training and includes resources on how to contact AU and/or file a complaint in the event of an undesirable incident.

- The university will also create and distribute, in consultation with the Student Life and Safety Working Group, an “AU Eagle Living Guide” that will include good neighbor tips, resources, and a copy of the Pledge.
Transportation and Parking
Proposed Campus Plan Parking Requirement

- **2011 Campus Plan Requirement:** maintain an inventory of approximately 2,200 parking spaces on campus

- **AU Parking Space Inventory:**

<table>
<thead>
<tr>
<th></th>
<th>FULL CAPACITY</th>
<th>CURRENT AU USE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Main Campus, Tenley Campus, and additional three properties</td>
<td>3,045</td>
<td>2,701</td>
</tr>
</tbody>
</table>

- **2021 Campus Plan Parking Proposal:** maintain parking inventory of no more than 3,000 parking spaces for university use

- The potential for underground parking at sites 6/7 and 12 is proposed for consideration at further processing.
TDM Planning and Enforcement

- Continued commitment to comprehensive Transportation Demand Management (TDM) planning, currently including:
  - Shuttle Service
  - AU/WMATA U*Pass Program
  - Telework and Distance Learning

- Enforcement and Monitoring
  - Maintain Good Neighbor Parking Policy
  - Monitor parking utilization of exclusive university-use facilities
  - Continued collaboration with Transportation and Parking Working Group and DDoT to develop appropriate monitoring methods
