

## **Resolution on President Burwell's Message on January 25**

Voted and approved 15-8-0, at the February 7, 2024, Senate Meeting

The Faculty Senate believes that the new policies outlined in President Burwell's Message to the Community of January 25, 2024, taken as a whole, are inconsistent with the spirit of the University's Policy on Free Expression and Expressive Conduct and the Senate's Statement of Values on Free Expression. We object to the lack of meaningful consultation with faculty, students, and staff in this matter.
