

How to Submit a Claim for Dependent Care Accounts

We offer three easy ways for you to access your Dependent Care Account funds. **For fastest results, we encourage you to submit your claim with the myCYC mobile app.**

For Dependent Care Accounts, you may only receive reimbursements for services already incurred. An expense is incurred when a service is received, not when a bill is paid. Even though your service provider may require payment at the beginning of the service period, you cannot request reimbursement until after the service is provided.

Mobile App Claim Submission – Fastest Method

1. **Collect Documentation:** Collect an itemized statement from your dependent care provider containing the required information (Provider's Name, Dependent's Name, Service Period, Payment Amount and Care Being Provided). Or, ask your provider to complete the Provider Certification section on the Dependent Care Account Claim and Provider Documentation Form (included in this document). If your provider completes the Provider Certification, you can submit that as your documentation.
2. **Submit Claim and Documentation:** Download the myCYC mobile app from your app store. Log in using your existing ConnectYourCare website username and password. Click "Make a payment" from the main screen. Enter the requested information about your claim and continue through the screens to confirm, take a picture of your documentation, upload the picture to the created claim and submit.
