

Hello,

The time has nearly arrived! **Between June 1-17, incoming first-year students will select their Home at AU** for the 2022-2023 academic year!

When will I select my room?

- Your room selection timeslot is **available in the housing portal on the Home page**. At or after this time you can return to your Housing Application in the AU Housing Portal to select your space.
- Timeslots are generated in the order you submitted your deposit to AU. If you are part of a roommate group, please check with the other group member(s) to determine who has the earliest timeslot. They should select for your group.

Room Selection Steps!

- Selection location
- Search for room(s) using filters
- Add a room to your cart
- Place yourself in a room (and your roommate)
- Confirm your booking!

How should I prepare to select my room?

- Room selection is simple and to help prepare you we've created this [short video](#) to walk you through the process.

- **If you're part of a [Special Housing Community](#):** You will only be able to select in the hall and floor your community resides on. You can see the hall your community is assigned to [here](#).
- **If you're NOT part of a [Special Housing Community](#):** You can select in either Centennial, Anderson, Letts, or Leonard. You will only see spaces available in each hall and as a hall fills it will no longer be available to select. You should rank order all 4 halls so you know which order to search for a room when your timeslot beings.
- You can also learn about each hall [here](#) and the housing rate for each [here](#).

Anything else I should know?

- **Room selection is a big moment** as you prepare for the year ahead. It's possible you won't get your top choice of residence hall(s). This is ok. We promise you'll still have a great year. Students across all our halls often tell us they're happy they lived where they did even though it wasn't their top choice.
- **You can continue to create and adjust roommates groups** until the moment you select.
 - **Remember, you MUST** create a roommate group before selecting. Creating a group after you select will not pull your roommate into the room.
- **We're here to help.** Our staff will be working extra hours in the evening to support you as you select. You can call, email or chat with us if you need something. We'll be on chat until 8:30pm EST on June 1-2 and June 6-9!
