

We're reaching out to you as a sophomore who has not selected housing for the 23-24 academic year.

Room selection ends tomorrow, March 29. You are guaranteed on-campus housing if you select a space by March 29. After this date, we can't guarantee a space will be available, but you can continue to utilize the AU Housing Portal to view options through [Rolling Reapplication](#).

If you no longer want to live on-campus or do not want to live in the available rooms, please utilize the list of options below to guide your housing search:

1. Room selection will continue to be available through June as part of [Rolling Reapplication](#). Every year we receive cancellations into the summer (ex. study abroad, withdrawals). Rooms become available when a student completes a cancellation.
 - a. We anticipate the highest number of spaces to be available whenever a cancellation fee increases. You can review the dates and times we will send cancellation reminders on the [Rolling Reapplication webpage](#) and mark your calendar to review available spaces.
2. For assistance searching for off-campus housing:
 - a. Please utilize the Off-Campus Housing webpage for resources and to utilize the AU search site to view available properties.
 - b. Attend the AU Virtual Off-Campus Housing Fair on Wednesday, April 5 between 12-2pm.
 - c. AU Parent and Family is hosting an off-campus webinar tonight, March 28. Please share with you family.
 - d. If you no longer want to live on-campus, simply visit the AU Housing Portal and complete the Cancel Request. There are no fees if you have not selected a space.

Thank you and please let us know if you need anything.
