I. BACKGROUND

The purpose of this order is to establish the policy and procedures for responding to incidents occurring on or near university campuses. UDPS special police officers may be appointed under the provisions in D.C. Official Code § 5-129.02 to protect the campus property of an academic institute of higher education. UDPS special police officers' duties include integrating the principals of private and public policing and adapting them to the academic community. Their primary function is to provide a visual level of security on campuses and address and/or adjudicate both non-criminal and criminal violations which occur within their area of responsibility.

II. POLICY

It is the policy of MPD to provide effective and timely assistance for incidents that occur on or near college and university campuses within the District of Columbia and to work in concert with campus personnel to mitigate those incidents.
