

# Quantitative Support:

The Quantitative Tutoring Lab in Don Myers Room 103, Online Statistical Software Support, and Math Placement Exam Assistance:

---

*Maximize your learning with informative tutoring sessions to review quantitative (mathematical or statistical) concepts, work on homework assignments in these areas, and prepare for exams.*

All AU students with quantitative components in their coursework are welcome to visit the Math & Stats Tutoring Lab in Don Myers room 103 on a drop-in basis for quantitative tutoring, no appointment needed.

Peer tutors specialize in the following courses:

- MATH-125 – MATH-222
- STAT-160 – STAT-320
- DATA-412

Also, we offer at WOnline, <https://american.mywconline.net/>, tutoring for quantitative components. Online assistance is by appointment on select days.

Throughout the week, there is Statistical Software Support at WOnline available by appointment. That online support is for Excel, Stata, StatCrunch, SPSS, Python, and R.

To view the online tutoring schedules and book an online tutoring session, go to the above link. Or, click on the QR Code to the left.

Another service we provide is assistance with the Math Placement Exam.

For more information about our services, scan the QR Code to the right. Or, you can go here: <https://www.american.edu/provost/academic-access/quantitative.cfm>.
