PREFACE

The Office of Institutional Research and Assessment is pleased to present the 2019-2020 edition of the *Academic Data Reference Book* (ADRB). The current edition joins 49 previous issues to form a continuum of information about academic aspects of American University. In 1971, the ADRB was described as an ‘experimental’ first edition, and the goal of current publication follows the tradition established 49 years ago. It evolves along in providing the community with reliable and useful information related to these 6 sections: student enrollment, admission, retention and graduation rates, degrees conferred, course enrollment, and faculty.

The web version of the ADRB, which includes consecutive historical editions, can be accessed from the OIRA website. Please check this site occasionally for any updates or revisions to this report.

DEFINITIONS

Abroad at AU	Program for students from other countries who want to study at AU for a limited period, usually a year or a semester. Abroad at AU students are nondegree.
Accelerator	AU partnered with Shorelight Education to welcome the International Accelerator Program starting in Fall 2016. This program consists of Undergraduate Accelerator (pre-bachelor's) and Master's Accelerator (pre-master's) designed for international students, combining English-language support and some for-credit courses which are transferable to an AU degree-seeking program upon successful completion of program requirements. Some students enroll in a noncredit Pre-Sessional English program prior to commencing an AU Accelerator program.
Census Date	The day on which AU takes a snapshot of student data to ensure consistent reporting for each semester. The fall and spring census dates are historically at the end of the fifth week of classes for those semesters; this changed in Fall 2019 to the end of the sixth week of classes. The summer census date is July 15. All admission and enrollment reporting in the ADRB is as of the census date.
Cohort/Entering Cohort	A group of students who are new students at the same level in the same term. Cohorts are used for reporting graduation and retention rates. AU offers the following cohort-based living-learning communities for four-year AU bachelor's degree students: AU Honors, Frederick Douglass Distinguished Scholars, Community-Based Research Scholars, and University College. Cohort-based three-year bachelor's degree programs offered at AU include Global Scholars, Politics, Policy and Law Scholars, and Public Health Scholars. Three additional cohorts reported here are the self-identified first generation college students, invite-only Summer Transition Enrichment Program (STEP) participants, and Pell grant recipients.

Collegiate	Launched in Fall 2017, American Collegiate (formerly American Access) is another AU-Shorelight Education partnership program designed for international students. Its nondegree design combines English-language support and some for-credit courses which are transferable to a bachelor's degree program at a partner or affiliated university (including AU, if desired) upon successful completion of program requirements.
Degrees Conferred	The number of degrees (or certificates) granted to students upon completion of their program's requirements, which may exceed the number of students who graduated because students may earn more than one degree (or certificate).
First Generation	First generation status is based upon responses to admissions application questions regarding parents' education. First generation students are students who self-report that no parent has post-secondary education experience.
Full-Time	Student status that is derived by student term credit hours: undergraduate degree-seeking, nondegree, and certificate students and law students taking 12 or more credit hours; graduate degree-seeking, nondegree and certificate students taking 9 or more credit hours during fall and spring semesters, and 4 or more credit hours during summer sessions. (Full-time is 4 credit hours for graduate students as of summer 2013.)
Full-Time Equivalent (FTE)	An alternative method to headcount for counting student enrollment by which the number of full-time students plus the total student credit hours of part-time students is divided by the minimum number of credits to be considered a full-time student at the same academic level. Thus, students attending full-time or part-time are weighted. (Note: This calculation changed in 2009 so care should be taken when making historical comparisons.)
Full-Time Faculty	An AU employee hired full-time in a faculty position. Full-time faculty can fall into one of several categories including teaching, administrative, library, and research depending upon their primary responsibilities as defined in their contract.

Full-Time Teaching Faculty	Full-time faculty where the majority percentage of their time is to be devoted to teaching, with smaller percentages for scholarly research and service.
Graduation Rate	Students in a cohort as of census of their entering term who have graduated as of a specified number of years.
Headcount	A method of counting student enrollment by which each individual student is counted. Students attending full-time or part-time are counted in the same way. Unless otherwise specified, headcount is unduplicated (meaning each individual student is counted once in their first major).
International	International includes students with non-U.S. citizenship who are not permanent residents.
Law	Includes all students in the Washington College of Law, including JD, LLM, SJD, nondegree, and certificate (unless otherwise specified).
Level	This refers to an enrolled student's degree level based on their academic program. Students may be classified at the broadest levels of undergraduate (UG) and graduate (GR) or they may be organized more specifically as Bachelor's, Master's, Doctoral, Law, Nondegree and Certificate UG, or Nondegree and Certificate GR. The most detailed classification further delineates the levels by online or MM and lists each of the law degrees by name (Juris Doctor, Master of Laws, Master of Legal Studies, and Doctor of Juridical Science).
Maintaining Matriculation (MM)	One of three enrollment options for graduate students not enrolled in credit course work but utilizing university services which allows graduate students to maintain their enrollment. (The other options are Continuing Enrollment and Doctoral Dissertation enrollment.)
MicroStrategy	AU's business intelligence system used to access official AU data.
New Freshman	A first-time first-year student admitted to AU who has not previously been enrolled at AU at the undergraduate level.

Nondegree	Students enrolled in regular university courses who have not been admitted to a degree program. Unless otherwise noted, excludes law.
Online Course	A course in which instruction is delivered exclusively via web-based interface rather than face-to-face.
Part-Time	Student status that is derived by student term credit hours: undergraduate degree-seeking, nondegree and certificate students and law students taking fewer than 12 credit hours; graduate degree-seeking, nondegree, and certificate students taking fewer than 9 credit hours during fall and spring semesters, and less than 4 credit hours during summer sessions (as of summer 2013).
Retention	Students in a cohort as of census of their entering term who are still enrolled at census at a later term.
Retention Rate	Percent of an entering cohort, defined at census, who are enrolled in a subsequent term at census.
School/College	<p>This is a student's affiliation based on their primary program of enrollment or a faculty member's affiliation based on their contract. AU houses eight schools/colleges: College of Arts & Sciences (CAS), Kogod School of Business (KSB), School of International Service (SIS), School of Communication (SOC), School of Education (SOE), School of Public Affairs (SPA), School of Professional & Extended Studies (SPExS), and Washington College of Law (WCL). Students affiliated with a nondegree or non-credit program rather than an AU school/college are categorized under Accelerator & Collegiate Programs or Study Abroad (Non-AU).</p> <p>The School of Education separated from the College of Arts & Sciences as of July 2019, forming a standalone school.</p>
School of Education	The School of Education separated from the College of Arts & Sciences as of July 2019, forming a standalone school.
Student Credit Hours	The sum of the credit hours per student course registration.

Study Abroad (Non-AU)	Program allowing non-AU students to study abroad through an AU-sponsored program.
Term Faculty	Full-time faculty who are not tenured nor on tenure track.
Transfer Student	A student admitted to AU who is transferring credits into their AU program. If the transfer credits are from another institution, the student is an external transfer; otherwise, the student is an internal transfer based on transfer credits from AU.
T-Terms	AU's 4-term programs, also referred to as the "T-Terms," involve select Kogod School of Business, School of International Service, and Washington College of Law online graduate programs. T-Term time periods encompass January-March for T1, April-June for T2, July-September for T3, and October-December for T4. The first T-Term at AU was 2019T2. The ADRB reports on T1, T3, and T4 beginning with 2019T3.

*Student credit hours and FTE are rounded to the nearest whole number which may affect some totals. Credit hours are those taken by students, not those taught by units.

**Nondegree and Certificate-UG includes Nondegree UG, Certificate UG, Study Abroad (Non-AU), Nondegree UG-Abroad at AU, SPEsS UG, and UG Collegiate and Accelerator.

***Nondegree and Certificate-GR includes Nondegree GR, Certificate GR, and GR Collegiate and Accelerator.

AU students studying abroad are included in their appropriate school.

Table excludes 326 noncredit students (218 in SPA and 108 in SPEsS), 189 AU pre-session English and English language & training academy students, 22 consortium students (71 credits), 59 alumni students, and 4 community students.

Two students with an unknown gender were recoded in this table.

Enrollment as of Census Date October 5, 2019. Fall 2019 includes 2019T4.

*This is a joint program with another school/college or department. Please look at enrollments in other schools or departments to get a full understanding of enrollment in this major.

School/College counts depict total number of unique students. When a student is pursuing dual majors, they will appear in the count for the primary major and school so that school and major totals reflect that student only once (unduplicated).

Student class level is determined by credit hours. Therefore freshman include all students who have earned under 30 credits.

Enrollment as of Census Date October 5, 2019. Fall 2019 includes 2019T4.

*This is a joint program with another school/college or department. Please look at enrollments in other schools or departments to get a full understanding of enrollment in this major.

The student enrollment count is the sum of all students majoring in a particular program. A student with two majors will be listed twice (duplicated). Therefore, totals here will not match enrollment in other tables in this section with the exception of Major 1 totals.

Enrollment as of Census Date October 5, 2019. Fall 2019 includes 2019T4.

*This section shows the combined results for all three years.

The graduation data in this table records Bachelors degree completers only.

Entering full-time cohorts may be adjusted to exclude no-shows, deaths, religious missions, or military service.

"Entering FT Class" includes summer, fall admits registered full-time in the fall semester.

Graduation rates are through the summer of each year. Totals and percentages of graduates are cumulative.

Past data may be adjusted for several reasons including students successfully petitioning for graduation and improved reconciliation of students records. An asterisk (*) replaces values of less than 3 in any race/ethnicity subgroup.
