About the Digital Tech Credential (DTC)

Who Can Participate?

Any undergraduate student who started at AU in 2019 or later, and is pursuing a liberal arts degree.

What is the DTC?

A program for students in non-tech fields wanting to gain digital tech skills for their future careers. There are pathways through Kogod, the School of Public Affairs, and the College of Arts and Sciences.

Why the DTC?

Digital technology skills will be embedded into every job across industries and sectors as a way of life. This program is an opportunity to sign up for exclusive internship and entry-level job opportunities, gain professional development, job shadow, and more!
