

Welcome to the Student Health Portal

Telemedicine Visits are available for the following visit reasons: Cold symptoms, cough, Covid concerns, Diarrhea, Fever, Nausea/vomiting, and ADHD refills for students who previously received medication from the health center. Please call 202-885-3380 option 2 and then option 2 to schedule an appointment.

To submit your immunization records under the "My Forms" section, select the "Immunization History" and complete the form with the dates of your vaccinations from your immunization record. Once the form is submitted, please use the Document Upload link to upload a scanned version of your immunization history signed by your medical provider.

Important Information

. Please submit your immunization records as soon as possible to prevent a stop from being placed on your account. This stop will not allow you to register for spring classes during fall
