

Jay Simon

Associate Professor
Information Technology and Analytics
Kogod School of Business
American University

Email: jaysimon@american.edu
Phone: 202-885-1910

Previous Positions

2015-2018: Assistant Professor of Information Technology and Analytics, Kogod School of Business, American University.

2009-2015: Assistant Professor of Decision Science, Defense Resources Management Institute, Graduate School of Business & Public Policy, Naval Postgraduate School.

2005-2009: Instructor, Research Assistant, and Teaching Assistant, University of California, Irvine.

2004-2005: Quantitative Analyst, Prostate Cancer Decision Analyst (PCaDA).

Education

Ph.D.: Operations and Decision Technologies. Paul Merage School of Business, University of California, Irvine, 2009.

M.S.: Management Science and Engineering, Stanford University, 2004.

B.S.: Mathematical and Computational Science, Stanford University, 2003.

Peer-Reviewed Journal Articles

Teaching Experience

Instructor, Kogod School of Business, American University (2015-present):
Business Analytics (undergraduate), *Business Insights through Analytics* (graduate),
Applied Managerial Statistics (graduate), *Production / Operations Management*
(undergraduate). Taught courses both on campus and online. Recorded the
asynchronous videos for two courses that are used across all sections.

Lecturer and Discussion Leader, Defense Resource Management Institute, Naval
Postgraduate School (2009-2015):
Delivered lectures encompassing a wide range of topics in quantitative analysis, decision
maker preferences, uncertainty, risk, logistics, and economics. Coordinated and oversaw
Risk Management and *Multicriteria Decision Making* courses.

Instructor, Global Public Policy Academic Group, Naval Postgraduate School (2012):
Introduction to Analytic Methods

Instructor, University of California, Irvine (2008-2009):
Business Statistics, Management Science

Teaching Interests

Decision analysis, analytics, preference modeling, behavioral decision theory,
management science, operations research, statistics

Curriculum Development

American University:

ITEC 620 – Business Insights through Analytics: (on-campus): conducted a substantial
revision of the course, most notably converting the course to be taught using R.
Developed new material for all course topics, and coordinated with other Kogod graduate
analytics courses, particularly ITEC-610 and ITEC-621.

ITEC 620 – Business Insights through Analytics: (online): developed the online course, including: creating new material, adapting existing material, recording asynchronous material (~17 hours), and leading development and delivery of synchronous material. Conducted significant revision of the online course in 2019, including re-recording nearly all of the asynchronous material.

ITEC 320 – Business Analytics: led a substantial revision of the course as part of its conversion from an undergraduate elective to a core course, including: creating new material, adapting existing material, and coordinating cases and activities with other departments. Created asynchronous materials for online delivery.

Naval Postgraduate School:

Developed substantial material, including lectures, problems, and cases, for many of DRMI's team-taught courses. New lectures created and delivered include: *Decisions and Human Behavior*, *Decisions Under Uncertainty*, *Evaluating Multiple Risks*, *Predicting Uncertain Events*, *Quantitative Models for Analysis*, *Resource Allocation with Multiple Risks*, *Risk Perception*, *Scoping Decision Problems*, *Smart Data Measurement*, *Uncertainty and Rationality*.

Recent Service

Associate Editor, *Decision Analysis*, 2012-present.

Associate Editor, *Military Operations Research*, 2019-present.

Member, AU Core Council, 2022-present.

Member, IT&A Department Recruiting Committee, Tenure-Line Faculty Position, 2022-present.

Member, AU Core Committee: Quantitative Reasoning subcommittee, 2017-present.

Co-Chair, Decision Analysis Society Publication Award Committee, 2022.

Member, Advances in Decision Analysis 2022 Organizing Committee, 2021-2022.

Co-Chair, Advances in Decision Analysis 2022 Ph.D. Incubator Sessions, 2022.

Webmaster & Social Media Officer, Decision Analysis Society, 2012-2021.

Co-Chair, Decision Analysis Society Publication Award Committee, 2021.

Member, Advances in Decision Analysis 2019 Organizing Committee, 2018-2019.

Member, IT&A Department Recruiting Committee, Tenure-Line Analytics Faculty Position, 2018-2019.

Vice-Chair, Decision Analysis Society Membership Committee, 2017-2018.

Member, Kogod Undergraduate Curriculum Review Committee, 2016-2018.

Guest Editor, *Decision Analysis* special issue on Decision Analysis and Social Media, 2016-2017.

Track Chair, Computational Decision Analysis, INFORMS Computing Society Conference, 2017.

Member, AU Habits of Mind working group: Natural-Scientific Inquiry, 2017.
